

## 2021-03 Job Posting

**Position:** Archaeologist and Archaeological Field Assistant (full time, seasonal and/or casual positions)

**Start Date:** May 15, 2021 (or as negotiated)

**Location:** Moberly Lake BC office and/or remote home-office

**Competitive salaries and/or hourly pay** based on qualifications & experience

Established in 1998 and based out of Moberly Lake, BC, Landsong conducts archaeology assessments to meet provincial and federal regulatory requirements and we work with Indigenous communities, facilitating and assisting with data collection for community-led traditional land use studies. Over the years we have developed and continue to foster strong relationships with local Indigenous communities that in turn support respectful and meaningful cultural resource management. Landsong's work culture is guided by core values of Excellence in Quality, Integrity, Innovation, Respect, and Safety and is built on a foundation of collaborative, team-based effort. We support work-life balance, provide comprehensive benefits, equipment and cell phone allowances, investment packages and funding for external training and conferences. We are looking for individuals seeking opportunities to grow and learn with us in a safe supportive work environment.

### **Archaeologist Job Description:**

- Field Archaeologist Team position focused on company-wide positive project support
- Participation in archaeology for oil and gas, forestry, renewable energy and other industries
- Participation in data collection to facilitate community-lead Indigenous land use studies
- Walking up to, and at times exceeding, 5 km per day in rugged and wooded terrain
- Carrying a backpack, tools, equipment and supplies that may at times exceed a combined weight of 45 pounds.
- Operation of 4x4 trucks, ATVs, UTVs and snowmobiles
- Work may be located in remote locations with accommodation in camps and hotels
- Work may include extended hours, including weekends
- Detailed client, regulatory and Indigenous community communications
- Compliance with, oversight and continued development of the Landsong EHS Program
- Adherence to the Landsong Quality Management Program (QMP)
- Position will require relocation to the Moberly Lake/Chetwynd area

### **Job May Also Include:**

- Technical writing and review of reporting with attention to detail and quality
- Assisting with project management, the safety program and/or general administration

### **Minimum Requirements for Archaeologist:**

- B.A. or B.Sc. in Archaeology or Anthropology
- For Archaeologists: completion of an archaeology field school program at an accredited university, college or equivalent field experience
- Ability to work independently with minimal oversight
- Valid Class 5 Driver License

### **Minimum Requirements for Archaeological Field Assistant:**

- Interest and enthusiasm in learning about and participating in archaeology assessments
- Valid Class 5 Driver License
